There have been no significant changes in the nature of the principal activities of the Group during the half year.

#### **Note 2      Significant Accounting Policies**

##### **(a)      Statement of compliance**

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'. The Group is a for-profit entity for the purpose of preparing this report.

This half-year financial report does not include all the notes of the type normally included in an Annual Financial Report and therefore cannot be expected to provide as full an understanding of the financial position and financial performance of the Group as the Annual Financial Report. As a result, this report should be read in conjunction with the 30 June 2022 Annual Financial Report of the Group and any public announcements made in the period by the Group in accordance with the continuous disclosure requirements of the *Corporations Act 2001* and the ASX Listing Rules.

The financial statements were approved and authorised for issue by the Directors on 13 March 2023.

##### **(b)      Basis of preparation**

The financial statements have been prepared on an accrual basis and under the historical cost convention, as modified where applicable by the revaluation of financial assets and liabilities at fair value through other comprehensive income.

## SUPERIOR RESOURCES LIMITED (ABN 72 112 844 407)

### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2022

#### **Note 3 Application of New and Revised Accounting Standards**

The consolidated entity has adopted all the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. There has been no material impact on the financial statements by their adoption and therefore no material changes to the Company's accounting policies are necessary.

Any new, revised or amended Accounting Standards or Interpretations that are not yet mandatory have not been adopted. The potential financial impact of these changes is not yet possible to determine.

#### **Note 4 Critical Accounting Estimates and Judgments**

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

##### *Critical judgements in applying the entity's accounting policies*

The Group has capitalised exploration expenditure of \$11,284,512 (30 June 2022: \$8,888,186). These amounts include costs directly associated with exploration. These costs are capitalised as an intangible asset until assessment of the permit is complete and the results have been evaluated. These costs include employee remuneration, materials, rig costs, delay rentals and payments to contractors. The expenditure is carried forward until such a time as the asset moves into the development phase, is abandoned or sold. Given exploration activities have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of recoverable resources and the difficulty in forecasting cash flows to assess the fair value of exploration expenditure there is uncertainty as to the carrying value of exploration expenditure. The ultimate recovery of the carrying value of exploration expenditure is dependent upon the successful development and commercial exploitation or, alternatively, sale of the interest in the tenements.

#### **Note 5 Going Concern**

Notwithstanding that the Group incurred an operating loss after tax of \$373,782 (2021: loss of \$360,544) and had net cash outflows from operating activities of \$502,314 (2021: outflow of \$487,853), these financial statements have been prepared on a going concern basis which assumes continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The ability of the consolidated entity to continue as a going concern is dependent upon one or more of the following:

- achieving sufficient future cash flows from operations to enable its obligations to be met;
- the success of cost saving initiatives, which include entering into Joint Venture arrangements and reducing tenement areas, so as to reduce the carrying and expenditure costs for tenements;
- cash flows from the sale of any of the Group's assets; and/or
- obtaining additional funding from capital raising activities.

The Directors acknowledge that to continue the exploration and development of the Group's exploration projects, the budgeted cash flows from operating and investing activities for the future will necessitate further capital raisings.

The Directors are confident of being able to secure additional funding and believe the entity is a going concern and will be able to pay its debts as and when they fall due and payable.

At the date of this report and having considered the above factors, the Directors are confident that the Group will be able to continue as a going concern.

**SUPERIOR RESOURCES LIMITED (ABN 72 112 844 407)**

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE HALF-YEAR ENDED 31 DECEMBER 2022**

**Note 5 Going Concern (continued)**

The reliance on future funding requirements indicates that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern with the result that the Group may be required to realise its assets at amounts different from those currently recognised, settle liabilities other than in the ordinary course of business and make provisions for costs which may arise as a result of cessation or curtailment of normal business operations. The interim financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts or classification of liabilities that may result from the outcome of this uncertainty.

**Note 6 Segment Information**

The Group operates solely within one segment, being the mineral exploration industry in Australia.

Deep Yellow Limited (DYL)		
- Listed equity securities – Level 1 on fair value hierarchy	39,218	33,335

The increase in the market value of listed equity securities of \$5,883 during the half-year has been recorded in the asset revaluation reserve.

**Fair value hierarchy**

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level in the fair value measurement hierarchy as follows:

- Level 1 – the instrument has quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 – a valuation technique is used using inputs other than quoted prices within level 1 that are observable for the financial instrument, either directly (ie, as prices), or indirectly (ie, derived from prices); and
- Level 3 – a valuation technique is used using inputs that are not observable based on observable market data (unobservable inputs).

As the Company only holds listed equity securities, which are measured at the closing bid price at the end of the reporting period, all financial assets at fair value through other comprehensive income fall within Level 1 of the fair value hierarchy.

## Independent auditor's review report

### Report on the Review of the Half-Year Financial Report

#### Conclusion

We have reviewed the accompanying half-year financial report of Superior Resources Limited (the company) and the entities it controlled at the half-year's end or from time to time during the half year (the consolidated group), which comprises the consolidated statement of financial position as at 31 December 2022, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Superior Resources Limited is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the consolidated group's financial position as at 31 December 2022 and of its performance for the half year ended on that date; and
- b) complying with Australian Accounting Standard 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### Material Uncertainty Related to Going Concern

We draw attention to Note 5 in the financial report, which indicates that the consolidated group incurred a net loss after tax of \$373,782 during the half year ended 31 December 2022 and had net cash outflows from operating activities of \$502,314. These events or conditions, along with other matters as set forth in Note 5, indicate that a material uncertainty exists that may cast significant doubt on the consolidated group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

#### Responsibilities of the Directors for the Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

**Auditor's Responsibilities for the Review of the Financial Report**

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
