## 2 PURPOSE AND EFFECT OF THE OFFER

### 2.1 Purpose of the Offer

On 24 May 2023 the Company announced that it had received commitments to raise \$4 million through a placement of fully paid ordinary shares to sophisticated investors at \$0.03 per Share (**Placement**). Placement Participants would also be issued one Option (exercise price \$0.06, expiring on 30 November 2024 and otherwise on the terms set out in section 5.2) for every 2 Shares issued (**Placement Options**).

The Company agreed to pay 6% of the amount raised and 10,000,000 Placement Option (**Broker Options**).

Proceeds from the Placement will be used to:

- (a) Execute the large Greenvale multi-stage, multi-prospect copper porphyry drilling program. This program will target potential porphyry intrusions across up to three porphyry prospects and delineate areas of near-surface copper and gold mineralisation;
- (b) Progress a Feasibility Study and a Resource expansion program at the Steam Engine Gold Project;
- (c) Commence Phase 2 drilling of Bottletree, targeting at least two potential porphyry core targets generated from vectoring information obtained from the 2022 program;
- (d) Commence drilling at Superior's most advanced porphyry target, Cockie Creek during June 2023;
- (e) Corporate working capital; and
- (f) Placement costs.

Although the Placement Participants are sophisticated investors as defined in section 708(8) of the Corporations Act to whom an offer of securities for issue can be made without disclosure, this Prospectus allows for the Placement Securities to be offered for sale without disclosure.

### 2.2 Effect of the Offer on the Company's securities

### 5.1 Rights and liabilities attaching to the Shares

Full details of the rights and liabilities attaching to the Company's Shares are:

- detailed in the Constitution, a copy of which can be inspected, free of charge, at the registered office of the Company during normal business hours; and
- in certain circumstances, regulated by the Corporations Act, the Listing Rules and the general law.

The following is a summary of the more significant rights and liabilities attaching to Shares. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

(a) Voting rights

Subject to any rights or restrictions for the time being attached to any class or classes of shares, at a general meeting of members every member has one vote on a show of hands and one vote per Share on a poll. Voting may be in person or by proxy, attorney or representative.

(b) Dividends

Except as otherwise required by the Corporations Act and to the terms on which shares are on issue and the rights and restrictions attaching to shares, the Directors may from time to time:

- (i) declare dividends (whether final or interim) to be paid to members on such terms, including the amount and the time for and the method of payment, as the Directors think fit; or
- (ii) determine that a dividend is payable, fix the amount and time for payment.

(c) Future issues of securities

Subject to the Corporations Act and the Listing Rules, the Directors may issue, grant options over, or otherwise dispose of unissued shares in the Company at the times and on the terms that the Directors think proper and a share may be issued with preferential or special rights.

(d) Transfer of Shares

A Shareholder may transfer Shares by a market transfer in accordance with any computerised or electronic system established or recognised by ASX for the purpose of facilitating transfers in Shares or by an instrument in writing in a form approved by ASX or the Board.

(e) Meetings and notices

Each Shareholder is entitled to receive notice of, and to attend, general meetings for the Company and to receive all notices, accounts and other documents required to be sent to shareholders under the Constitution, the Corporations Act or the Listing Rules.

Shareholders may requisition meetings in accordance with the Corporations Act.

(f) Liquidation rights

The Company has one class of share on issue, ordinary shares. Each ordinary Share ranks equally in the event of liquidation.

(g) Variation of rights

Subject to the Corporations Act and Listing Rules, the rights attached to the Shares may be varied in accordance with the Corporations Act

(h) Election of directors

At every annual general meeting one third of the Directors (rounded up to the nearest whole number) must retire from office. Any Director who would have held office for more than 3 years if that Director remains in office until the next general meeting must retire. These retirement rules do not apply to certain appointments including the managing director.

(i) Indemnities

To the extent permitted by law the Company must indemnify each past and present Director and secretary against any liability incurred by that person as an officer of the Company and any legal costs incurred in defending an action in respect of such liability.

(j) Winding up

Subject to the Corporations Act, the ASX Listing Rules and any rights or restrictions attached to a class of shares, on a winding up of the Company any surplus must be divided among the shareholders of the Company.

(k) Shareholder liability

As the Shares offered under the Prospectus are fully paid Shares, they are not subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(l) Alteration to the Constitution

The Constitution can only be amended by a special resolution passed by at least three quarters of shareholders present and voting at the general meeting. At least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

## 6 ADDITIONAL INFORMATION

### 6.1 Continuous disclosure obligations

The Company is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company's securities. The Placement Options offered under this Prospectus are options to acquire Shares, which are in the same class of Shares that have been quoted on the Official List during the 12 months prior to the issue of this Prospectus.

This Prospectus is a "transaction specific prospectus" to which the special content rules under section 713 of the Corporations Act apply. That provision allows the issue of a more concise prospectus in relation to an offer of securities in a class which has been continuously quoted by ASX in the three months prior to the date of the prospectus, or options to acquire continuously quoted securities. In general terms "transaction specific prospectuses" are only required to contain information in relation to the effect of the issue of the quoted securities, or options to be issued quoted securities, on the Company and the rights attaching to those

securities. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the period from lodgement of the Company's annual financial statements of the Company for the financial year ended 30 June 2022 to the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the securities exchange conducted by ASX.

The Company confirms that, to the extent to which it is reasonable for investors and their professional advisers to expect to find the information in this Prospectus, there is no information:

- (a) that has been excluded from a continuous disclosure notice in accordance with ASX Listing Rules; and
- (b) is information that investors and their professional advisers would reasonably require for the purpose of making an informed assessment of:
- (c) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; and
- (d) the rights and liabilities attaching to Placement Options.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.
